Re: bill #MO-0917 for the Harbourline product shoot

Hi Dana,

Thanks again for having me out at the lab last week, and for the coffee! As promised, here's my invoice for the September product shoot. Quick summary of what I did for you guys:

- two half-day shoot sessions (Sept 8 & 9) at \$450 each \$900.00
- retouching 35 product photos, I charge \$12/photo, so \$420
- a 60-second promo video edit, flat rate \$650
- travel: mileage from Lunenburg, 180 km @ \$0.55 = \$99.00

That brings the work to \$2,069.00 before tax. HST (15% here in NS) adds \$310.35, so the total owing is \$2,379.35 CAD.

(Heads up: I already got your \$500 deposit back in August. That is NOT deducted here - your finance person said to invoice the full amount and they'd reconcile the deposit separately.)

Payment is due within 30 days, so by October 17th, 2026 please. E-transfer to the email above works best, or a cheque to the Seaview address.

Cheers,

Marguerite

P.S. I'll send the raw files on a USB stick with the courier next week. Let me know if you want the vertical cut of the video for socials, I can quote that separately.
